**OUTLINE DIAGRAM**

Black ball point pen must be used to indicate all markings.

See back page for sample diagram and list of markings to be included.

Please ensure that you complete this diagram accurately as it will be uploaded for identification purposes in the Equine Identification Document and the ASPR online stud book.

## SAMPLE OUTLINE DIAGRAM

Black ball point pen must be used to indicate all markings.

- All white markings with underlying pink skin must be included. Do NOT colour in white markings. Indicate outline only.
- If there is no pink skin underlying a white marking, indicate with light hatching.
- If hoof is parti coloured (black and white), colour in black part of hoof
- Large white patches on broken coloured (paint/pinto) horses should be lightly hatched in to differentiate them from other patches.
- Mark all whorls with an X. If the whorl is elongated, show a continuous line from the X eg: X——
- Indicate Prophets Thumb mark with a small triangle.
- Indicate permanent scars with an arrow pointing to the location of the scar. eg: ←
- Indicate flecking with light hatching
- Include all brands
